Twitter Bootstrap, HTML5, CSS 3.0 AJAX/PHP Twitter Feeds, DreamWeaver, Visual Studio 2012, Javascript, JQuery, PHP/AJAX contact form, PhotoShop, and Fireworks.

<http://www.theitaliankitchenelp.com/AllAboutOurPizza.htm>

Twitter Bootstrap, HTML5, CSS 3.0, DreamWeaver, Visual Studio 2012, Javascript, JQuery, PHP/AJAX contact form, PhotoShop, and Fireworks.

<http://silibsteakhouse.com/mobile/index.html>

Mobile website for LB SteakHouse

Htm 5 CSS 3.0, JQuery, JQuery UI, JQuery Mobile, Php mailer form, Photoshop, JQuery Pluggins DreamWeaver, PhotoShop, Third Party CS files, Google Maps API

<http://ElPasoCakes.mobi>

Created mobile website for The El Paso Cake Boutique JQuery Mobile, Using DreamWeaver, Visual Studio 2012, CSS, HTML 5, JQuery, AJAX, Photoshop.

<http://bearmountaincountrygeneralstore.com/index.html>

Twitter Bootstrap. With Html 5, JQuery, CSS 3.0 and third party JS files, developed with Dreamweaver 6.0, Photoshop and some AJAX. Web Responsive Web Design

<http://ChristmasCharityGala.com>

Twitter Bootstrap. With Html 5, JQuery, CSS 3.0 and third party JS files, developed with Dreamweaver 6.0, Photoshop and some AJAX. Responsive Web Design

<http://silibsteakhouse.com>

Twitter Bootstrap. With Html 5, JQuery, CSS 3.0 and third party JS files, developed with Dreamweaver 6.0, Photoshop and some AJAX, Visual Studio 2012. Responsive Web Design

<http://andreasseafoodpalace.com>

Twitter Bootstrap. With Html 5, JQuery, CSS 3.0 and third party JS files, developed with Dreamweaver 6.0, Photoshop and some AJAX, Visual Studio 2012. Responsive Web Design

<http://jmsdeli.com>

HTML 5, CSS 3, with elements of HTML 4.0 along with Photoshop slices for the landing splash page.

<http://ruidosovalleycornmaze.com>

HTML 5, CSS 3, with elements of HTML 4.0 along with Photoshop slices for the landing splash page also with JQuery, and some C# visual manipulations for the gallery images. Done in Dreamweaver 5.5, PhotoShop, Third party JS files. CSS 3.0, Visual Studio 2010.

<http://ruidosovalleycornmaze.com/CornMazeMobile/Index.html>

JQuery Mobile Website with ASP.NET C# with MVC interface for the routing configurations. Done with Dreamweaver 6.0, Photoshop, Flash, wow slider, JQuery third party software. Flash animations.

<http://www.ruidosovalleycornmaze.biz>

Ecommerce/social media website, Written in .NET 4.5, ASP.NET C# HTML 5, CSS 3.0 with a WCF back-end for inventory management, allows for automated maintenance with the actual store inventory. SMTP Mail tools, JQuery, Used Photoshop, and Dreamweaver for the animated Gifs and the HTML code writing and LinQ ETF.

debugging, AJAX,ASP.NET/SQL Server interface for custom tracking of user profiles and logins.Photo-shop, HMTL 5.0 CSS 3.0, Flash animations. SQL Server 2012 back end database, that utilized stored procedures, triggers, T-SQL and other tools. Used Visual Studio 2012, DreamWeaver, Flash, Photoshop and Fireworks technologies.PayPal WCF services.

<http://lapostamotorlodge.com>

JQuery Mobile Website with C# with MVC interface for the routing configurations. Done with Dreamweaver 6.0, Photoshop, Flash, and Visual Studio 2010.

<http://www.theitaliankitchenelp.com>

HTML 4.0 CSS 2.0, JQuery splash landing page, Javascript Photoshop, Flash, Fireworks and In design with Dream Weaver 5.5

<http://eprestreview.biz>

MS MVC 4.0 Application using JQuery, AJAX, SQL Server 2012, Photoshop. Used to keep allow user to put up online restaurant reviews for restaurants in the El Paso, Texas area.

<http://themesainnmotel.com>

JQuery Mobile Website with C# with MVC interface for the routing configurations. Done with Dreamweaver 6.0, Photoshop, Flash, and Visual Studio 2010.

<http://tokyo-akagi.com>

Responsive Web design with HTML 5.0, CSS 3.0, Flash, photoshop, Javascript JQuery, AJAX and third party JQuery tools like Wow slider and lightbox JQuery gallery tool. Used DreamWeaver 5.5 and Visual Studio 2010.

<http://barnaclebarneysseafoodgrotto.com>

HTML 4.0 CSS 2.0, JQuery splash landing page, Javascript Photoshop, Flash, Fireworks and In design with Dream Weaver 5.5, Animated Gifs with Photoshop and Fireworks from Adobe Creative Suite

<http://barnaclebarneysseafoodgrotto.com/barnaclebarneysmobile/index.html>

JQuery Mobile website, HTML 5, CSS 3.0, Photoshop, Flash, node.js NPM, responsive web design, animated gifs from Fireworks, and Photoshop. Used Web Expresssion, Jet Brains, and Visual Studio 2010-2012 and Dreamweaver 6.0 to develop the application

<http://lisabartellschocolatefactory.com>

Responsive web design using HTML 5.0, CSS 3.0, Photoshop, fireworks, DreamWeaver 6.0, Javascript, JQuery. Developed in Dreamweaver, visual studio and Jet Brains integrated development environment.

<http://lisabartellschristmasstore.com>

Ecommerce website selling Christmas products using a combination of [ASP.NET](#) C#, VB, WCF services for inventory tracking management, [ASP.NET](#) customer profiles, and logins that were stored and interfaced with SQL Server and were exposed as services to WCF for internet marketing corporations, JQuery, LinQ ETF.

SQL Server 2012. HTML 5, CSS 3.0, SMTP Mail tools, AJAX Used Photoshop, and Dreamweaver for the animated Gifs and the HTML code and JavaScript writing and debugging. Used Visual Studio 2012, SQL Server 2012, and Chrome debugging tools for JavaScript and CSS 3.0

<http://billybobsbeerandburgerbarn.com>

Responsive Web design with HTML 5.0, CSS 3.0, Flash, photoshop, Javascript JQuery, AJAX and third party JQuery tools like Wow slider and lightbox JQuery gallery tool. Used DreamWeaver 5.5 and Visual Studio 2012.

<http://blackstallionmexicanfood.com>

Responsive Web design with HTML 5.0, CSS 3.0, Flash, photoshop, Javascript JQuery, AJAX and third party JQuery tools like Wow slider and lightbox JQuery gallery tool. Used DreamWeaver 5.5 and Visual Studio 2012.

<http://smoothiesgaloreandmore.com>

HTML 5.0 CSS 3.0, JQuery splash landing page, Javascript Photoshop, Flash, Fireworks and In design with Dream Weaver 5.5, Animated Gifs with Photoshop and Fireworks from Adobe Creative Suite

<http://tokyo-akagi.com>

Responsive Web design with HTML 5.0, CSS 3.0, Flash, photoshop, Javascript JQuery, AJAX and third party JQuery tools like Wow slider and lightbox JQuery gallery tool. Used DreamWeaver 5.5 and Visual Studio 2012.

<http://tokyo-akagi.com/chapter5and6/chapter5/index.html>

JQuery Mobile website, HTML 5, CSS 3.0, Photoshop, Flash, node.js NPM, responsive web design, animated gifs from Fireworks, and Photoshop. Used Web Expresssion, Jet Brains, and Visual Studio 2010-2012 and Dreamweaver 6.0 to develop the application

http://www.theitaliankitchenelp.com/ItalianKitchenMobile/portfolio_desktop.html

JQuery Mobile Website with C# with MVC interface for the routing configurations and the user comments section created in MVC mobile application development. Done with Dreamweaver 6.0, Photoshop, Flash, and Visual Studio 2010. Chago's NotekeeperTool done with front end HTML 5 CSS 3.0 and MVC Mobile 5 with SQL Server back-end for the storage of online user comments.

<http://www.theitaliankitchenelp.com/ItalianKitchenMobile/UserComments/ChagosNotekeeper.html>
SQL Server 2012 back-end Database.

<http://elpasoliveperformances.com>

Social media website using a combination of [ASP.NET](#) C#, VB, WCF services for inventory tracking management, [ASP.NET](#) customer profiles, and logins that were stored and interfaced with SQL Server and were exposed as services to WCF for internet marketing corporations, JQuery, SQL Server 2012. LINQ ETF.

HTML 5, CSS 3.0, SMTP Mail tools, AJAX Used Photoshop, and Dreamweaver for the animated Gifs and the HTML code and JavaScript writing and debugging. Used Visual Studio 2012, SQL Server 2012, and Chrome debugging tools for JavaScript and CSS 3.0

<http://AccountSmasher.com>

A heavily WCF MVC centric website to allow for Morgan Stanelly to have a generic website that they can show to clients that can later be customized to for preferred user accounts. MVC user profiles using model data, with code first database migrations using Nuget and resharper. Used Visual Studio 2012, SQL 2012, SQL Server 2012, Photoshop, DreamWeaver, Flash and Fireworks LINQ ETF.

<http://www.ChagosChat.com>

A SignalR/JQuery Mobile Application used in conjunction with the http://www.theitaliankitchenelp.com/ItalianKitchenMobile/portfolio_desktop.html website. Used, HTML 5, CSS 3.0 JQuery, JQuery Mobile, Microsoft SignalR, C# and .NET to develop this website.

Created Android Smartphone Apps in Eclipse J2EE Environment for friends, family, neighbors and clients. iPhone Development with XCode 5.0

Technical Lead/Senior Developer

- Developed various different E-Commerce Websites using .NET 4.5 4.0. 3.5 C#, Dreamweaver, PhotoShop, Flash, Fireworks , JQuery, AJAX, HTML5, MVC3 Ninject dependency injection. Pluralsight Certified MVC3 Developer, SignalR
- Designed and Developed Ecommerce Websites for various Clients

Environment: ASP.Net 4.5 4.0 C#.Net 3.5, SQL Server 2005/2008, LINQ ETF, MVC3, Pluralsight Certified MVC 3

Perot Systems, Plano,Texas
August 2007 to February 2008

Business/System Analyst and Developer

- Worked to help integrate SQL Server SSIS and SSRS 2005 packages for the FTP Websites that sent Medical Health care claim forms for processing.
- Debugged and supported SQL Server Stored Procedures, Triggers and Database Maintenance. Debugged XML files that needed to be properly formatted
- Supported BizTalk operations

Environment : ASP.Net 2.0, C#.Net 2.0, ADO.Net 2.0, SQL Server 2005 XML, Visual Source Safe 6.0 BizTalk

DELL Computer, Austin, Texas (6 months contract)
January 2007 to June 2007

Software Tester and Developer

- Developed Ecommerce applications using AJAX/HTML/XML in a DreamWeaverMX environment to test and maintain DELL internal global websites for internal customers and employees at Dell.

Environment : ASP.Net 2.0, C#.Net 2.0, ADO.Net 2.0, AJAX , Oracle 9i, Visual Source Safe 6.0

EP Fitness Clubs, El Paso, Texas

3 week contract

SQL Server Analyst

- Setup databases and database diagrams in a SQL Server environment.

Environment : SQL Server 2003

Raytheon Corporation (9 months contract to hire), El Paso, Texas

April 2006 to Dec 2006

ASP.Net Developer

- Development of UI screens to capture the employee information in an organization.
- Designed User specific login to control the access of information for the employee.
- Writing of stored procedures to extract data/information of the employee from SQL Server .

Environment : ASP.Net 2.0, C#.Net 2.0, ADO.Net 2.0, SQL Server 2003, Oracle 10i Visual Studio 2.0

Electronic Data Systems, El Paso, Texas

December 2004 - April 2006

Developer

- Development of UI screens to capture the medical provider in an organization.
- Designed and maintained Pro C Unix to Oracle Legacy report applications, while migrating them to Crystal Reports 10.
- Writing of stored procedures in Transact SQL and PL/SQL to extract data/information of the employee from backend SQL Server and Oracle Databases.
- Developed applications in VB.NET, C#.net, SQL Server 2000, ASP, PL/SQL, embedded pro C and Unix programs for Medicare and Medicaid systems. Tools included, DreamWeaverMX, Visual Studio, WebMatrix and FireworksMX, SunOS Unix systems, Toad PL/SQL code and generator and Oracle OEM.

Environment : ASP.Net 2.0, C#.Net 2.0, ADO.Net 2.0, SQL Server 2003, Oracle 10i Visual Studio 2.0, Crystal Reports 10

City of El Paso, El Paso, Texas (9 months temporary contract)

September 2003 – May 2004

Developer

- Created an employee online database application with ASP, mainly using VBScript and VB.NET
- Created an ASP content management tool for the Human Resources Department
- Created an online ASP Stolen Car database application for the El Paso Police Department
- Created an online ASP chat room for the El Paso Auto theft division using ASP, VBScript and VB.NET, XML and JavaScript
- Created an online ASP intranet internal conference room reservation tool for the employees at city hall. Used tools such as dynamic ASP, XML, VBScript, JavaScript, Visual InterDev, FlashMX, DreamWeaverMX and Visual Studio.NET ASP.NET, VB.NET, FlashMX, FirworksMX

Environment : ASP.Net 1.1, C#.Net 1.1 Classic ASP, SQL Server 2000

Callidus Software Austin, Texas

January 2000 - Apr 2003

Developer

Responsible doing maintenance on VB and VB-ASP apps writing SQL Server 7.0, Oracle 8.16 stored procedures used for ASP pages, MTS, IIS, COM and DCOM and three-Tiered Architecture. Also used DreamWeaver 3.0/JavaScript to help develop ASP Pages.

GTE Irving, Texas (6 month contract)

April 1999 – December 1999

VB 6 Developer Team Lead

- **Designed a Warehouse inventory database tracking program as a Visual Basic 6.0 Team leader and Oracle 8i DBA with Crystal Reports used and wrote stored procedures in Oracle to be called by VB applications. Utilized PL/SQL as necessary.**
-

Crystal Semiconductor, Austin, Texas

August 1995 to March 1999

Software developer. Did Visual Basic 5.0, 6.0 and HTML, Oracle, Ingress, classic ASP, Forest and Trees and Crystal Report for web pages that were used to track production ISO 9000 Quality Control Systems.

Environment: Visual Interdev, Visual Basic 4.0, 5.0, 6.0, classic ASP, Ingress, and Oracle, HTML 5, Crystal Reports, Forest and Trees.

ACADEMIC PROFILE AND CERTIFICATIONS

- **BS, University of Texas at Austin, Austin, Texas, Mass Communications 1985**
- **AS, Electronics Engineering with a CST/CMT option, Texas State Technical College, Abilene, TX 1987.**
- **AS, Automation Robotics Technology, Texas State Technical College, Abilene, TX 1995.**

CONTINUING EDUCATION:

Lotus 1-2-3, dBase III & IV, C/C++ Novell Networking, ACAD 11; El Paso Community College; Visual Basic 3.0, Informix SQL, MS Visual C++ 4.0; Austin Community College; Oracle 8.i PL/SQL and Visual Basic 6.0 ActiveX and ASP with VB Web classes Seminar, VB MTS, IIS; University of Texas - Arlington SQL Server 7.0 System Administration, Oracle 8.i DBA Certification; University of Texas - Dallas. The University of Texas at Austin, DreamWeaver 4.0, XML, JavaScript, El Paso, Community College iPhone and Android software development in Java J2EE and Objective C.
